PRESENCE & PERFORMANCE

Versatile and effective presenters start with a confident and grounded presence. Develop skills to strengthen physical presence and non-verbal communication and learn to harness the power of your voice to imbue your message with emotion and energy.

- Explore the power of physical, vocal, emotional, and grounded presence
- Understand how verbal and non-verbal communication, such as body language, gesture, and posture, affect audience perception and support your message when presenting
- Acquire specific tools and techniques to establish and maintain connection with your audience
- Employ performance-based techniques to connect with your voice, adapt it to a variety of contexts, and connect with audiences in a wide variety of physical spaces

PERFORMANCE

Focus your attention and address nerves, silence mental chatter, and ease pre-performance anxiety to stay present in peak performance moments. Optimize your preparation and pregame routine to own the room regardless of the size of venue and deliver your message with poise and polish.

- Experience proven tools to manage pressure and perform better when the stakes are high
- Expand your toolkit and learn strategies to own the room in formal and informal settings
- Leverage techniques based in mindfulness, neuroscience, and sports psychology to address possible performance anxiety and chatter
